### Got Library Questions?

The answers might just be here in the new library newsletter. We'll fill it with latest on the library building, books on the shelves, the latest news from each library department, and staff's reading & viewing recommendations.

For information on library programs, continue to use the program flyers and the monthly program guides. They'll have everything you need.

### Extra! Extra!

The library has been awarded a grant from the American Society of Radiologic Technologists. The new STEAM books these funds will purchase will be on display in November.
