**PRESS RELEASE: RIBBON-CUTTING CEREMONY CELEBRATES
EARLY OPENING OF THE STONEWALL STREET RECONSTRUCTION
PROJECT**

GREENVILLE: The City of Greenville announces: Stonewall Street Reconstruction Project is now complete. Stonewall is open in both directions. The City of Greenville has replaced all water and sewer lines and added new street lights down Stonewall Street with the 2019 GO Bond.

City Council approved this project on the July 14, 2020 at the City Council Meeting; and Tri-Con Services, Inc. was awarded this project on July 15, 2020. The project was to take 365 days and be completed by July 15, 2021. Tri-Con Services, Inc. completed this project within 7 months and 3 weeks, 5 months ahead of schedule.

The City of Greenville along with the Engineering Company, Stovall Surveying/Engineering a MTG Company and Tri-Con Services held a ribbon cutting ceremony on Friday March 5, 2021 to celebrate the finished project and open the road for all traffic.

The City would like to thank the citizens that reside on Stonewall for all their support and help with the construction phases of this project. This could not have been completed with out the help of the Citizens of Greenville, Stovall Surveying/Engineering a MTG Company, Tri-Con Services, Inc., GEUS, and our City of Greenville Engineering Division. Thank you to all who made this a success.
