**PRESS RELEASE: THE CITY OF GREENVILLE, TEXAS ANNOUNCES
NEW INTERACTIVE WEBSITE**
Enhancing Citizen and Government Communication

GREENVILLE: The City of Greenville is pleased to announce that it is launching its new website on Monday, May 3, 2021.

“This redesign will help our citizens navigate the website much better than before, with graphic links, and easy to read quick link buttons,” said Summer Spurlock, City Manager.

The website www.ci.greenville.tx.us just underwent a 2021 re-design process by CivicPlus, the leading government website provider. The website now has functionality as well as a cleaner, easier layout to navigate.

Citizens will be able to communicate, monitor, and file reports, etc. through some of the new featured modules:

- Easy to navigate homepage
- Easy search capabilities
- “How do I” section
- Useable forms
- New/Updated site maps

With the new website the City will be able to increase its community engagement and enhance the communication between residents and the City.
